Gain the Knowledge and Confidence To Start Placing Ceramic Dental Implants
Z-systems ceramic implants is a Swiss manufacturer of the only FDA approved 100% metal-free 1-piece, 2-piece and tapered ceramic implants. Live Implant Training Institute is the world leader in live patient surgical training. LIT Institute has partnered with Z-systems to create an exciting course consisting of 6 days of live zirconia placement on patients under direct supervision of board certified Oral-Maxillofacial Surgeons, board certified Periodontists and Oral Implantologists.

Every attending doctor is guaranteed to place 10-15 implants on patients

All zirconia implants, zirconia abutments and synthetic biomaterials will be used on patients

Every surgery is planned from CT-Scans

All surgeries are directly supervised by board certified periodontist, board certified oral-maxillofacial surgeons and implant diplomats

Course fulfils clinical requirements for Fellowship to be awarded by the AAIP

Course fulfils clinical requirements for Fellowship to be awarded by Zirconia Implant Society
